

Cyber Safety Card for Teens

By: Joseph Gonzalez

Best For	Teens using school, gaming, social, and email accounts
Use	Use as a quick reminder before installing apps or replying to messages.
Inside	Simple rules for account recovery scams, privacy, location, and sextortion risk.

For educational use. Share with family members, caregivers, teachers, and community groups. The goal is calm action, not fear.

Cyber Safety Card for Teens

Use this guide as a calm checklist. Read one section, take one action, and come back later for the next step.

Teen safety card

Your accounts are valuable. Gaming, school, email, and social media accounts can all be targeted.

- Use two step verification on email and social media.
- Do not reuse passwords.
- Watch for fake support messages in direct messages.
- Do not send private photos to strangers.
- Check privacy settings and location sharing.
- If someone threatens you, save evidence and tell a trusted adult.

Español

Tus cuentas tienen valor. Juegos, escuela, correo y redes sociales pueden ser atacados.

- Usa verificación en dos pasos.
- No reutilices contraseñas.
- Cuidado con mensajes falsos de soporte.
- No envíes fotos privadas a desconocidos.
- Revisa privacidad y ubicación.
- Si alguien te amenaza, guarda evidencia y habla con un adulto de confianza.

Reminder: Stop, Check, Ask. If something feels urgent, strange, or scary, slow down and verify with a trusted source.
