

Cyber Safety Card for Older Adults

By: Joseph Gonzalez

Best For	Older adults, caregivers, and trusted family helpers
Use	Keep this near the phone or computer as a calm reminder.
Inside	Scam call, tech support, refund, and emergency request guidance.

For educational use. Share with family members, caregivers, teachers, and community groups. The goal is calm action, not fear.

Cyber Safety Card for Older Adults

Use this guide as a calm checklist. Read one section, take one action, and come back later for the next step.

Older adult safety card

If someone pressures you, you are allowed to pause. Real banks, family members, and support teams can wait while you verify.

- Do not trust surprise calls about viruses, refunds, locked accounts, or gift cards.
- Do not let a caller take control of your computer.
- Never share login codes or passwords.
- If a message says a family member needs money, call that person using a number you already know.
- Ask a trusted person before sending money or buying gift cards.

Español

Si alguien mete presión, puedes pausar. Bancos, familiares y soporte real pueden esperar mientras verificas.

- No confíes en llamadas sorpresa sobre virus, reembolsos, cuentas bloqueadas o tarjetas de regalo.
- No dejes que una llamada controle tu computadora.
- Nunca compartas códigos o contraseñas.
- Si dicen que un familiar necesita dinero, llama al familiar usando un número conocido.
- Pregunta antes de enviar dinero o comprar tarjetas de regalo.

Reminder: Stop, Check, Ask. If something feels urgent, strange, or scary, slow down and verify with a trusted source.
